

# Payment Assurance For Buyers

Tempus Payment Assurance reduces the risks of international trade payments for importers and exporters without the costs and complexities of a Letter of Credit.

## Effective Protection for Global Trade

Payment Assurance holds full payment from the buyer in a secure holding account until the shipment has been confirmed. This way, both sides of an import/export transaction are protected.

## Simple Online Process

Manage the entire Payment Assurance process through a easy to use, intuitive online tool. No more cumbersome manual processes or paper documents.

## Secure For Importers & Exporters

Tempus is a registered, licensed and bonded financial institution. We are registered with the US Treasury and licensed in 49 states and Washington, DC. All US dollar payments are held in an FDIC insured account, segregated from operational or corporate access.

## Financing Options for Buyers

US-based importers can access credit up to \$1MM to fund transactions through a simple online application. Protect your imports now and pay later.

## Competitive FX Rates for Suppliers

Tempus and its affiliates provide competitive foreign exchange rates to more than 40,000 corporate clients globally. With Payment Assurance, suppliers can secure their payment and receive funds in their local currency.

## Available to Tempus Clients Everywhere

Tempus supports payments in over 130 different currencies to enable secure transactions for importers and exporters on a truly global scale.
