

# Partner Solutions

## Global payment and risk management solutions serving corporate foreign exchange (FX) needs.

### GLOBAL PAYMENTS

Optimize financial performance through our flexible, scalable payment solutions. Tempus works seamlessly with existing systems and internal processes, saving users time and costs with no operational disruption.

### MARKET EXPERTISE

Operate confidently with proactive, reliable market monitoring and actionable guidance from award-winning FX specialists, enabling users to make the best decisions at an opportune time, and focus on growing their global business.

### INDUSTRY SOLUTIONS

Maintain a competitive advantage using the latest payment technologies. With over two decades of experience servicing thousands of corporate clients, in a wide range of industries, we tailor our solutions to address unique industry challenges.

### RISK MANAGEMENT

Minimize exchange rate risk and protect profits by establishing a comprehensive risk management strategy. Tempus works closely with users to assess your FX exposure and implement highly effective hedging strategies that best fit their long and short-term goals.

Explore a simpler, seamless approach to FX payments
